

EcoVisio in action - October 2021

Autumn is rich in harvest ... and new opportunities!

Long time no see! As usual, we are super-duper busy. The EcoVisio team keeps developing and growing, the number of projects and opportunities that we can offer you is also increasing, so without further ado, we invite you to find out about them!

What we've been up to?

information? For example:

What to do with leaves?

Find out what you can do with them (or how to convince others not to collect or burn them) [here](#)

Do you have any planting plans?

How do you plant a tree to give it as many chances as possible to grow? Find useful tips and a planting guide [here](#)

Trash with humor

Garbage spends more time in nature than we do - enjoy this and other caricatures by #FărăDeșeuri [here](#)

Humans of EcoVisio

Ana Popa has been an activist for as long as she can remember and she can never stand still. After half a year in the EcoVisio Board, she joined the main team to coordinate the project ["Moldova on Bikes"](#), which she is very enthusiastic about. After many years of pedaling here and there, she set out to contribute to a friendly and safe Moldova for bicycles and other alternative forms of transport.
