

## EcoVisio in Action - April 2020

### **EcoVisio, closer to doctors on the COVID-19 frontline**

In an effort to support those fighting everyday against the pandemic, on 16 and 17 April, EcoVisio donated various materials to the main hospitals in Bălți and Căușeni, the first regional medical facilities to take in COVID-19 patients. We provided the two hospitals with sanitary (eco-disinfectant) and protection materials (masks, gowns, gloves and shoe covers), special trash bags for medical waste, large trash bins and small trash containers for the patients. More details [here](#)

## Humans of EcoVisio

In case you're not familiar yet with Margareta, one of EcoVisio's Communication Coordinators, you should know that she's the one responsible for our newsletters which you (hopefully) love to read every month. She also does wonderful work for her community in Sireți village, such as organizing deliveries of fresh foods from local producers

### EcoVisio
