InfOrganic | Video series for farmers

Our colleagues from InfOrganic have recently completed a series of video tutorials and infographics for those interested in organic farming, on topics such as water quality testing and pest control. The 4 videos were shown for the first time on 17 October during the Moldagrotech expo, to a group of about 30 people who shared their impressions with us. [Agrobiznes posted all our videos and infographics here](#)

What We've Been Up To

[Read more on our website](#)

activEco - Reflection Seminar

10 alumni of this year's activEco program participated in a Reflection Seminar about their implemented projects. These include creating separate waste collection points in schools, seminars on the impact of the textile industry etc. [See how it went here](#)

Planting trees, step by step

The autumn planting season has begun, a great time to consult Seed It Forward's practical guide for planting correctly. Besides detailed information, the guide also includes photos of all stages of the process. [You can find the guide here](#)

Volunteer camp in Rîșcova

18 volunteers from Moldova, Belarus, Russia, Ukraine and Germany spent a week in Rîșcova, working on a touristic trail through the forest to Ivancea and finding forest attractions. [See photos here](#)

Hai Moldova campaign wrap-up

In one month, 80 schools each collected from 100 kg up to 1000 kg of e-waste, as part of Hai Moldova's campaign. The schools that managed to collect the most e-waste will receive 2 drinking fountains and a hazelnut orchard. [Details here](#)

Toamna Cartofilor / Potato Fest

Our Potato Fest this year took place on 13 October. Over 500 visitors got to choose from 20 varieties of potatoes, but also other seasonal goodies and loads of fun activities. [See here how it went here](#)

Seminar about biogas

15 people interested in biogas participated in a thematic seminar on 5-6 October. They got to see the EcoVillage biodigester and learn how biogas is produced. [See when the next biogas seminar is here](#)

Coming Up Next

Read more on our website

About water and air in Moldova

60% of rivers and lakes in Europe are not up to ecological standards. On 24 October 6:00 pm we will discuss the environmental situation in Moldova, particularly the quality of tap water, rivers, lakes and the air we breathe. [Learn more about the event here](#)

Atelier de Greening Up pentru organizații
Oficii și evenimente verzi

30.10.19 | 9:00-16:00
oficiul EcoVisio

ECOVISIO  

Greener offices and events

EcoVisio invites NGOs to our Greening Up workshop on 30 October. We will discuss using office resources more efficiently, as well as eco-alternatives for various products and services. [Read more and register by 26 October here](#)

The Moldovan Jewish Family Album

The middle school of Rîșcova village will host an exhibition based on interviews with Moldovan Holocaust survivors and over 400 old family photos. The inauguration will be on 26 October, at 4 PM. [Details here](#)

'Soviet Garden' movie premiere

The premiere of the 'Soviet Garden' documentary will take place on 31 October at Cinema Patria, with the support of EcoVisio. Dragoș Turea's film also had a special screening at IarmarEco. [More here](#)

`Keep Cool` multipliers meeting

Trainers for 'Keep Cool' - the international board game on climate change - and those interested in becoming trainers will meet on 31 October at the EcoVisio office. Want to play or become a trainer? Email us at keepcool@ecovisio.org

Our Friends' Initiatives

Guide on lavender farming in Moldova

The guide covers the specifics of growing lavender, its diseases and pests and the economic aspects. [Download it here](#)

Plant orchards in your neighborhood

CADP offers fruit tree seedlings to green up your yard. You can also volunteer for upcoming planting events. [Apply by 03.11 here](#)

XR Moldova versus climate crisis

Moldova has its own Extinction Rebellion (XR) movement fighting climate change. [Get inspired by their new video here](#)

Humans of EcoVisio

Julian Gröger is one of the founding parents of EcoVisio, the president of the organization and a die-hard cycling fan. Originally from Germany, Julian first came to Moldova in 2007. He believes in our country's great potential to become a model region for sustainable development.
