

## EcoVisio in Action - June 2020

### How to deal with waste during the pandemic?

Protective masks and gloves have become a part of our everyday life. Disposable ones, however, have also become a part of our everyday waste, posing significant health risks and polluting the environment.

Together with EcoContact, we have prepared some tips on how to properly manage waste during this period, for your safety and for those around you and not least of all, for nature. You can find our poster in supermarkets and in other locations throughout Chișinău, as well as [online](#)
